SANJANA AMARNATH

SENIOR RECRUITER - EARLY CAREERS AND CAMPUS

PROFILE

HR professional with 4+ years of hands-on experience in campus hiring, program management, and recruitment analytics across organizations including Standard Chartered, Amazon, Adobe, and Cognizant. Comfortable leading day-to-day hiring operations, coordinating with business stakeholders, and executing recruitment plans independently. Track record of delivering strong offer-acceptance rates (97%+), supporting diversity hiring goals, and maintaining reliable working relationships with 100+ university and business partners through consistent follow-through and data-driven reporting.

WORK EXPERIENCE

Standard Chartered Via AMS | Chennai

Mar 2026 - Current

Senior Recruiter - Early Careers and Campus

- Manage operations and global support functions hiring for early careers teams, covering apprentices, interns, and graduate programs — engaging stakeholders across multiple business units to align on requirements.
- Own the end-to-end intern evaluation process, including final presentations, feedback collection, and structured conversion pathways to full-time roles — effectively converting internal pipeline into confirmed placements.
- Engage apprenticeship candidates directly to assess continued interest, gathering midpoint and endpoint feedback from business teams to evaluate performance and inform retention decisions.
- Develop and design hiring plans, aligning talent acquisition strategy with organizational goals and stakeholder expectations.
- Organize and facilitate candidate engagement initiatives — social events, networking sessions, and induction programs — to strengthen relationships and overall experience.

Amazon | Bengaluru - FTE

Feb 2025 - Sept 2025

University Recruiter

- Owned end-to-end recruitment for full-time and internship hiring from target B-Schools across India, successfully closing 50+ MBA positions across multiple business units.
- Partnered with 15+ business leaders to define hiring requirements, develop strategies, and deliver on talent acquisition goals.
- Built and maintained relationships with placement committees, career services, faculty, and other campus stakeholders across 30+ premier B-schools.
- Planned and executed campus engagement activities, speaker series, hackathon, case study challenges and pre-placement interactions, engaging with 10,000+ students.
- Led Amazon's flagship case study competition (ACE) end-to-end, overseeing strategy development, team coordination, and final presentations to senior stakeholders, while managing collaboration with multiple external vendors to ensure seamless execution.
- Managed candidate pipelines and ensured a high-touch, data-driven recruitment process in compliance with hiring policies, maintaining a 97% offer acceptance rate.
- Successfully hired 20+ early career Software Development Engineers through direct market sourcing and referral campaigns within a 4-month timeline, demonstrating strong capability in technical talent acquisition with 90% offer acceptance rate.
- Collaborated with branding and events teams to drive Amazon's employer presence on campus.
- Led diversity hiring initiatives and drove inclusive recruitment practices, achieving 45% gender diversity in campus hiring.

Adobe | Bengaluru - FTC

Feb 2024 - Feb 2025

University Talent & Programs Specialist

- Organized campus hiring programs across 15+ tier 1 universities, managing 300+ interviews and achieving 99% scheduling efficiency.
- Developed and sustained effective partnerships with key internal stakeholders, external vendors, and university talent partners to enhance the efficiency of recruitment activities.
- Organized Adobe India's university flagship events and virtual sessions to enhance intern/employee experience.
- Managed end-to-end offer process for 300+ candidates with 100% accuracy in documentation and 97% offer acceptance rate.
- Facilitated onboarding for 400+ campus hires across 2 locations with 98% satisfaction rate.

- Developed and maintained comprehensive engagement logs for 100+ university partnerships, ensuring 100% communication accuracy.

Cognizant | Kochi - FTE

June 2022 - Feb 2024

Campus Recruitment, Program Management & Analytics Lead

- Led end-to-end campus recruitment across 20+ universities (Tier 1, 2 & 3), screening 1,000+ resumes and managing 700+ interviews with 98% process efficiency and zero errors in result publication.
- Cultivated strategic partnerships with 10+ placement officers and 25+ student organizations, enhancing talent acquisition efforts.
- Facilitated 20+ recruitment events, pre-placement talks, and guest lectures, engaging 5,000+ students and achieving 95% candidate satisfaction.
- Established and maintained strategic partnerships with universities, campus recruitment teams, and external training providers.
- Provided comprehensive HR support across recruitment lifecycle, including offer management, talent mapping, and new hire onboarding.
- Partnered with 15+ stakeholders across teams to gather data and understand reporting needs and requirements.
- Monitored and analyzed training data to ensure training schedule adherence and graduation quality standards across learning initiatives.
- Designed and developed reporting frameworks to track and analyze HR metrics: skilling requirements, employee engagement, and demand & supply planning.
- Gathered and consolidated data from various sources, ensuring data accuracy and integrity.
- Analyzed training data for 15,000+ interns, identifying 30% improvement opportunities in delivery methods.
- Generated weekly leadership reports with 99% data compliance; presented quarterly data-driven insights resulting in improvement in strategic decision-making efficiency.
- Spearheaded internal and external stakeholder communications while maintaining 100% process compliance.
- Managed high volume query mailbox operations with consistent 24-hour resolution SLA, ensuring optimal candidate experience.
- Developed comprehensive response template repository reducing query resolution time by 20%; standardized responses for 80% of common inquiries, enabling the team to focus on critical tasks and improving overall efficiency by 25%.
- Reviewed and validated interview questions, organizing them into a comprehensive question repository, and maintaining the repository for future use.
